IKI Main Partner Countries

IKI Interface Projects

- Create synergies
- Promote exchange and peer-learning
- Focal point for BMU and ZUG

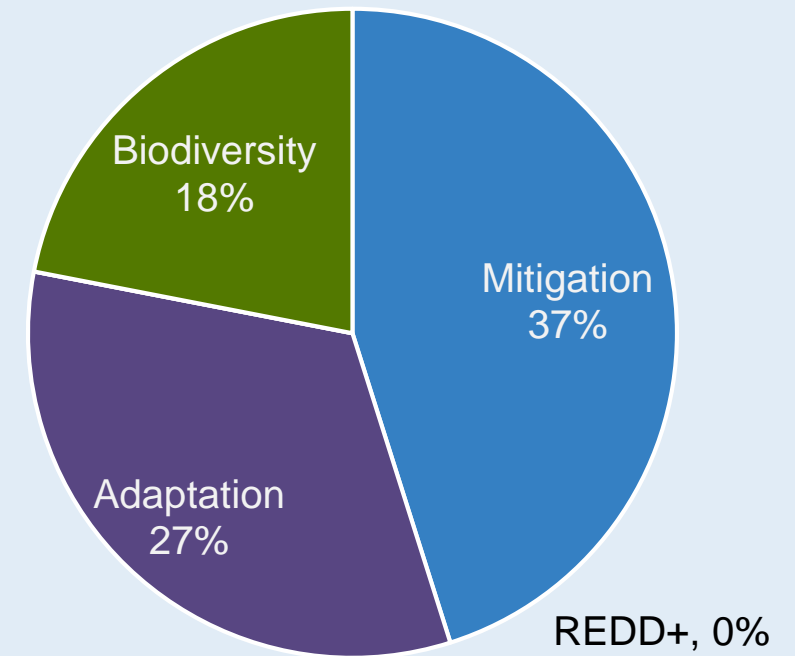

IKI is essential for our bilateral cooperation

- **Mexico** is a top player amongst BMU's 14 IKI key cooperation countries since 2009
- Important player within the region as biodiversity hotspot but also as frontrunner in mitigation action
- Ongoing story of joint success
 - Well-proven and highly appreciated cooperation within IKI
 - Current bilateral portfolio focusing on mitigation; adaptation to gain importance as addressed in new project on land use
