

Call for Application MENTORING FOR ESD-LEADERSHIP 2020

We are looking for young professionals from Germany, India, Mexico and South Africa, interested in or already working in the field of **Education for Sustainable Development (ESD)**. You should have a minimum of one year working experience, be passionate for ESD and aspiring to develop leadership skills.

In the ten-month blended learning Mentoring for ESD-Leadership Programme, the mentees will benefit from:

- ✓ Individual mentoring as well as expertise and guidance from a pool of **highly qualified international ESD experts**
- ✓ Two weeks of international interactive face-to-face **ESD weeks** (travelling expenses, including visa, overnight stays, meals and return tickets are included)
- ✓ **National and international exchange** on ESD key concepts & approaches, ESD-leadership and ESD project management
- ✓ **National workshops** to develop joint projects and interact with the mentors
- ✓ A **certificate of competence** issued by Engagement Global, key partner of the UNESCO Global Action Programme on Education for Sustainable Development

Deadline for applications: **26th January 2020**. For more information, visit:
